MathConnections 2019

at University of California, Riverside

May 18, 2019

MathConnections, or MathConn, is a free mathematics conference organized by graduate students, for graduate students. Its goal is to bring together graduate students from Southern California and surrounding areas. This year, we're celebrating the intersection of **Geometry, Representation Theory, and Category Theory.**

featuring plenary speakers

Dr. John Baez & Dr. Andrew Manion

Registration is **free**! For more information on registration or if you are a graduate student interested in giving a talk, visit:

math.ucr.edu/~mathconn
